

**Letter to Prime Minister Gordon Brown  
From the Presidents of RINKZ  
(Russia, Iran, North Korea, Zimbabwe)**

**Greetings Prime Minister Gordon Brown,**

**We, the leaders of the RINKZ nations, salute you! You have shown to the world such strength of character, such probity, such courage that we feel obliged and honoured to address you this letter in congratulation.**

**Your tenacity in the face of electoral complications, your loyalty to your lieutenants during the media-inspired expenses trouble, and your self-belief and will to carry on when the people hate you, are an inspiration to us all.**

**For decades Great Britain has been an enemy of the enlightened democracy such as preferred and practised by the peoples of our countries. It has vilified our nations and their leaders because they sought this enlightened democracy, different from that of the so-called mother of parliaments. Relationships were soured by the arrogant manners of your predecessors, always criticising our elections and their hard-won results and encouraging foreign trouble makers.**

**Thanks to you, Prime Minister Gordon Brown, those days are over. You have forced your nation to understand that there are different forms of democracy. You have made the people of Britain to be like us!**

**We formally invite you to join RINKX. Together we shall make it BRINKZ!**

**We will permit ourselves two suggestions to help you solidify the position of Britain as an enlightened-democracy country. One: become Commander in Chief of the Armed Forces. Two: be aware of ambitious men about you and strike him down.**

**We beg you to accept the expression of our deepest admiration,**

**The Presidents of RINKZ.**

**Their Seals.**
